Customer

Business name: _____

Contact name: _____

Service address: _____

Email: _____

Mobile (for lead alerts): _____

The Pilot

Stockton Labs will provide an AI phone receptionist for ****[BUSINESS NAME]****. When a call to that line goes unanswered, the service answers as your business, captures the caller's name, callback number, service address, the problem, and its urgency, and notifies you by text and email so your team can follow up.

- ****Setup:**** your existing business line forwards unanswered calls to the service. Setup is handled by Stockton Labs.
- ****Term:**** $\$[\text{TERM_LENGTH}]$, beginning on the go-live date.
- ****Fee:**** $\$[\text{FEE}]$ for the pilot.

After the Pilot

If it's working, you can expand to all brands ([BRANDS LIST]) for **** $\$[\text{FEE}]/[\text{TERM_LENGTH}]$ total****. There is no obligation — you are free to stop at the end of $\$[\text{TERM_LENGTH}]$ with nothing further owed.

Text Message Consent

By signing below, I agree to receive SMS messages from Stockton Labs related to this service — primarily lead notifications when a call is captured, plus occasional service messages. Message frequency varies with call volume. ****Message and data rates may apply.**** Reply ****STOP**** to unsubscribe or ****HELP**** for help. See Terms at stocktonlabsllc.com/terms and Privacy Policy at stocktonlabsllc.com/privacy.
